

Errata

In the September 1999 issue of the *Journal*, an error appeared in the article “Combined Use of Biallelic and Microsatellite Y-Chromosome Polymorphisms to Infer Affinities among African Populations,” by Scozzari et al. (65:829–846). In Appendix B (table B1), one of the hap-

lotypes was omitted. The missing haplotype, “1B 22 22 21 21,” was observed at a frequency of 1.8% in the Moroccan sample ($n = 56$) only. The *Journal* regrets the error.
